

MYSTIC MAISON

The “Mystic Maison” decor embodies the perfect symbiosis of traditional craftsmanship and modern design. A truly opulent masterpiece unfolds on the elegant form N°41 that takes the viewer into a fascinating world. Majestic mythical creatures such as the winged lion, ornate rocaille elements and shells characterise this detailed decor, in which ornamentation and sophistication merge into a luxurious whole. “Mystic Maison” not only brings festive splendour glamour to your table, but is definitely a unique highlight of our MEISSEN design expertise.

EXCLUSIVE CRAFTSMANSHIP

For over 300 years, MEISSEN porcelain has stood for craftsmanship perfection, from the raw material to the finished product. The porcelain paste - the carefully composition of quartz, feldspar and kaolin - has an inherent magic that comes to life in the practiced hands of numerous artisans to come to full fruition. From molding and embossing, underglaze and onglaze painting to the final firing - the multitude of different production techniques and art forms are still perfectly mastered today and are the result of centuries of craftsmanship excellence.
