

YOUR CUSTOMIZED GIFT

Since its founding in 1710, the MEISSEN porcelain manufactory has stood for the highest porcelain quality and extraordinary craftsmanship. Its historic signet, the blue crossed swords, stands for these attributes worldwide. Handmade, unique pieces of jewellery express not only special appreciation for the recipient, but also for the centuries-old craftsmanship that has given the MEISSEN manufactory its worldwide reputation. Whether heart-shaped porcelain pendants or stylish cufflinks - MEISSEN porcelain painters use templates to design personal pieces of jewelry with monograms, initials or dates. Colouring, style and design details are coordinated in advance to immortalize your own idea as jewelry - whether as an individual accessory or a special gift. In total, monograms can be realized in different colours and four fonts. Let our colleagues at MEISSEN Customer Service take you into the world of "white gold". We are always happy to advise you and together we will find the perfect gift for your loved ones, for Christmas, a birthday or a special anniversary.
